

MT-195-14

Upper Support Rail Kit for co-location platforms, 14 ft face

Product Classification

Product Type Support rail kit

General Specifications

Sectors, quantity 3

Dimensions

Height 185.42 mm | 7.3 in

Face Width 4.42 m | 14.5 ft

Width 4,419.6 mm | 174 in

Material Specifications

Material Type Hot dip galvanized steel

Packaging and Weights

Included Crossover angles (12) | Hardware | Rail

Packaging quantity 1

Weight, net 115.984 kg | 255.7 lb

Regulatory Compliance/Certifications

Agency

ISO 9001:2015

Classification

Designed, manufactured and/or distributed under this quality management system

Included Products

MT-195-14
